

# Premium Texting

**With PriorityONE Credit Union of Florida fraud monitoring, keeping your debit card safe is as easy as sending a text.**

**Our text alert service allows you to keep tabs on suspicious activity instantly.**

We want to make sure that using your debit card is always as safe and convenient as possible. That's why we use **text alerts** as part of our ongoing fraud monitoring program.

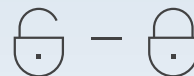

## How It Works:

With **interactive fraud alerts**, if our system detects suspicious activity on your debit card, you'll receive a text message with details about the suspected transaction. All you have to do is respond to the text to confirm the transaction.

If you indicate the transaction is fraud, the transaction will be declined and your card will be immediately blocked. You will also be prompted with a phone number to call our Fraud Department.

If you do not respond, the suspected transaction will be declined and a telephone call will be attempted to your phone number on file.

If you indicate that the transaction is valid, the system will mark the transaction as legitimate and you can get on with your day – **simple as that.**

## Getting Started:

If we have your cell phone number on file, you'll start receiving text alerts to confirm any suspicious activity on your debit card. **It's that easy.**

**Contact a representative or call us at 954-335-5100, option 2 for more details.**
